### **Sault College Prepares for New Students**

(Sault Ste. Marie, ON January 11, 2010) With the start of winter semester Monday, January 11, Sault College also welcomes over 100 full and part-time students. New students were treated to an orientation session this morning consisting of campus tours and computer account training.

“The January Start option accommodates the needs of the local community and is part of Sault College’s responsibility to allow more access to post secondary studies by starting programs in the winter term,” says Leo Tiberi, Vice President Academic, Sault College. “The early access allows students to begin their path towards a more secure future – and what better time than now to get started” says Tiberi.

The Registrar’s office will accept new students for the winter term until January 22.

Opportunities are still available for students to begin full time studies now instead of waiting until September in the areas of Welding Techniques, Metal Fabricator Technician, Business, Police Foundations, Law & Security, General Arts & Science and Pre-Health. There are also a number of Continuing Education and Distance education opportunities still available. Please contact the Registrar’s office at 759-6700 for more information.
