

YOUR TIME TO

BEE ...

A close-up, profile view of a young man in a white chef's uniform and hat, looking down with a focused expression. He is in a kitchen setting, with other chefs in the background, slightly out of focus. The lighting is bright and even, highlighting the texture of his uniform and the details of his face.

THIS IS JOSH'S TIME TO BE

Josh's journey began at Sault College, where personalized mentorship and a strong foundation paved the way for his remarkable career. From prestigious Michelin-starred kitchens in Monaco to royal kitchens in London, Josh's dedication and talent have taken him to extraordinary heights. Now, as he prepares to lead Emeril Lagasse's flagship restaurant in New Orleans, he shares invaluable advice for aspiring chefs. Josh's story is a testament to the power of passion, perseverance, and the pursuit of excellence in the ever-evolving culinary landscape.

703'
 Searchmont Resort has a 703-foot vertical giving you 23 different terrain experiences for skiing, snowboarding and so much more

COOL CITY, WARM PEOPLE

Living in Sault Ste. Marie is like living the dream! We've got it all – rugged coastlines along the Great Lakes, ancient mountains from the Canadian Shield, tons of rivers and lakes, pristine beaches, and winter activities that will keep you moving.

We've got one of the tallest ski hills in Ontario! So, if you're into downhill skiing or snowboarding, get ready for some serious thrills. And that's not all! We've got over 150 km of groomed trails for cross-country skiing, plus backcountry skiing here is next level. It's one of Ontario's best-kept secrets.

Sault Ste. Marie has so many other cool things to offer. We've got festivals, events, sports competitions, and all sorts of fun stuff going on. And when the sun goes down, check out our awesome bars, restaurants, and places to catch live music.

You can learn more about everything great in Sault Ste. Marie by visiting saultcollege.ca/thesoo

 Enjoy over 55 km of mountain bike trails, just a quick ride from campus

300

Pancake Bay Provincial Park is a must-experience with 300 campsites and a 3-km beach with Caribbean-style blue waters

CELEBRATING DIVERSITY

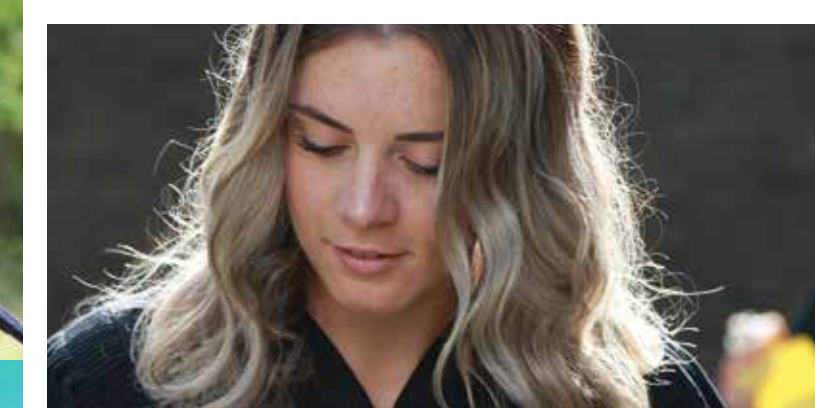

We really love what makes you, well, YOU! We're all about embracing diversity, fairness, and inclusivity. Our College community is diverse and amazing, and we believe in putting our students first. It's what makes our campus such a warm and inviting place. And you know what? We're forward-thinking when it comes to breaking down barriers and celebrating diversity through our policies, special initiatives, and proactive measures.

Oh, and speaking of celebrations, we've got some awesome cultural events and festivals like Diwali and Spring Festival that you can join in on. Celebrate your Pride by attending various 2SLGBTQAI+ (queer) events and receive support from staff and faculty who are working every day to be culturally competent, safer, and humble in caring for you and your unique needs. We have an Equity, Diversity, and Inclusion Office on campus that works very hard to make you feel safe, supported, and represented on campus. You

could join our student-led Pride Club (allies welcome!) where students and their allies can offer peer support, plan and attend queer events, fundraise, and build long-lasting relationships with individuals who may be feeling the same way as you.

Look for our Campus Watch initiative which is overseen by a diverse array of individuals who will make sure you feel safe and secure while you're here. We take harassment and discrimination seriously and are committed to addressing them head-on.

So, welcome to our College! We're stoked to hear all about your experiences and want to make you feel right at home.

2,250
international students
representing 35 countries

NATIONALLY RECOGNIZED

Colleges and Institutes Canada (CICan) recognized Sault College's efforts with the Gold Recipient award for Excellence in Equity, Diversity and Inclusion. We cannot be prouder of this accomplishment.

WE WON'T STAND STILL

From cultural events to human resources to staff and student training, we have been at the forefront of many exciting initiatives to support equity, diversity and inclusion on our campus. With more than 2,250 international students representing 35 countries, a strong Indigenous student population, and diversity among students, staff and faculty, we are proud to promote a positive and inclusive work and learning environment.

MEET BARBARA NOLAN OUR RESIDENT ELDER

Barbara was honoured with the 2021 Ontario Arts Council Indigenous Arts Award, the 2021 Indigenous Professional of the Year Award by Sault Ste. Marie Chamber of Commerce, and the Sault Ste. Marie 2021 Medal of Merit. We wholeheartedly embrace and promote Indigenous traditions and cultures through our dedicated staff who embody these values in their daily lives, fostering community and knowledge sharing.

HONOURING INDIGENOUS TRADITIONS

We provide a distinctive learning setting, honouring Indigenous and Métis languages, cultures, and traditions. Our curriculum integrates wholistic perspectives and features Indigenous-specific programs.

AMAZING SUPPORTS

Our commitment to Indigenous student success is our promise. We offer a range of services, from tutoring and counselling to helping with college applications. At the heart of it all is Enji Maawnjiding, the “Where We Gather” Indigenous Centre—a hub for fostering a positive and social atmosphere. With Indigenous staff nearby, your postsecondary journey is in excellent hands.

MEET TAYLOR BOYER OUR INDIGENOUS STUDENTS' UNION PRESIDENT

Taylor is currently enrolled in the Police Foundations program and is committed to supporting your academic, physical, and mental well-being. As president, Taylor takes a genuine interest in brightening your day and is dedicated to fostering a strong connection between the Sault College Students' Union and the Indigenous Studies department. This partnership results in significant events such as powwows, social gatherings, campaign booths, workshops, and more.

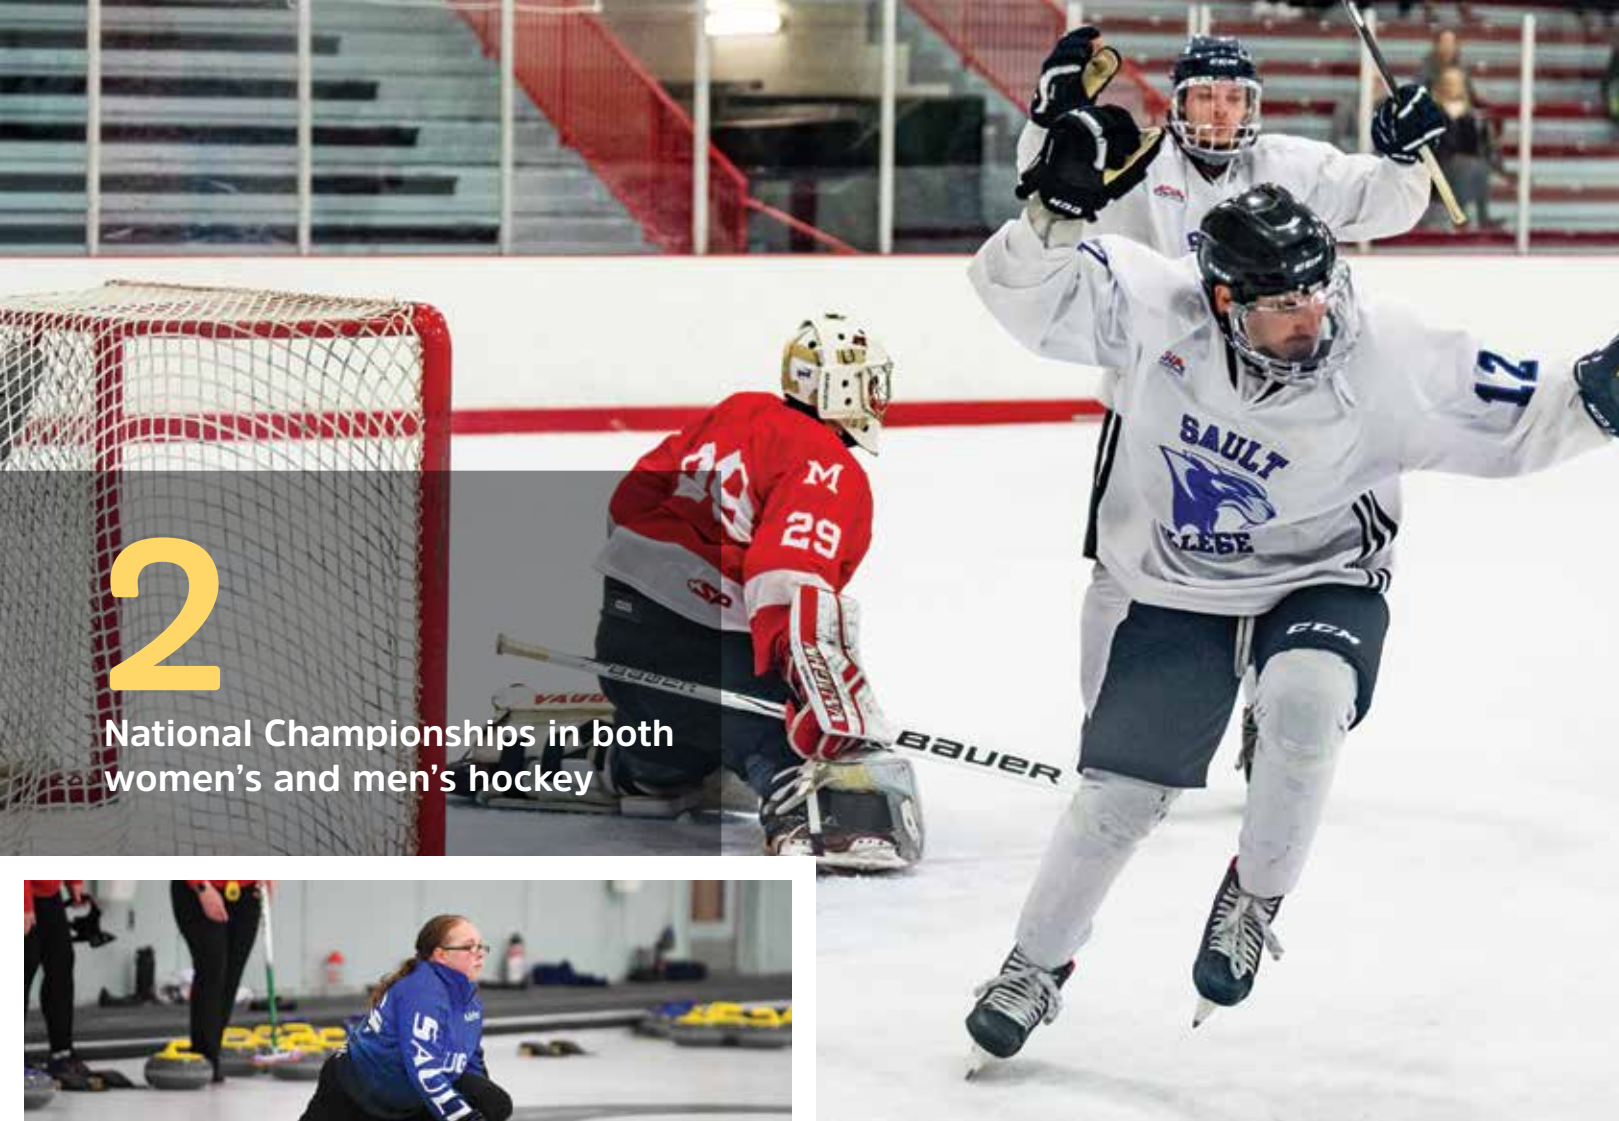

WE DO INNOVATION

Meet Spot.

Spot is like the superstar of our Engineering Technology department. From factory floors to construction sites to research labs and beyond, Spot is a dynamic sensing platform that provides valuable insights into routine operations, site health, or potentially hazardous situations — and our students can now create innovative solutions using Spot! You may find Spot roaming our newly built School of Engineering lounge. Here you'll find state-of-the-art equipment, interactive labs, and study spaces that are the perfect fit for our Bachelor of Engineering – Mechatronics program and beyond.

Ontario Colleges Athletic Association (OCAA) Championships

WE ARE ALL ATHLETES

Photo Credit: Bob Davies

Want to stay active while you're hitting the books? We've got some awesome amenities just for you!

FITNESS CENTRE

Say hello to our state-of-the-art Fitness Centre, hanging out on the second floor right above our gymnasium. It's got all the cool, new equipment you could ever dream of. Come on up and get your exercise on.

WATERFRONT ADVENTURE CENTRE

Our Waterfront Adventure Centre will have you ready to embark on a wild ride with watercraft like canoes, kayaks, and standup paddleboards. And guess what? It won't cost you a dime with your student card! You can even book some court time for a thrilling game of tennis, beach volleyball, or pickleball. We know you'll work up an appetite after all that fun in the sun. So, take a seat at the beautiful on-site café where you can refuel with delicious drinks and snacks.

VARSITY AND INTRAMURAL SPORTS

Ready to unleash your inner athlete? We've got you covered with both varsity and intramural sports. If you're all about that varsity life, our varsity teams are where it's at. They go head-to-head with other top-notch colleges in the Ontario Colleges Athletic Association (OCAA), Canadian Collegiate Athletic Association (CCAA), and even the American Collegiate Hockey Association (ACHA). If varsity sports aren't your jam, we've got plenty of recreational options to keep you moving. For more information about any of our varsity or recreational programs, visit saultcougars.ca

OUR TIME TO BE CHAMPIONS

UNDEFEATED

You won't believe the incredible ending to the Sault College women's hockey team's season! They totally rocked it and became the national champions of the American Collegiate Hockey Association. They did it in style with a massive 6-1 victory over

Northeastern University. But that's not even the best part. These unbelievable players went undefeated throughout the entire 2022-2023 season, winning all 31 games. Talk about an epic storybook ending.

HOME SWEET HOME

SUPPORTS FOR WHEN YOU NEED IT

We've got your back when it comes to living in residence! Our elite team of Residence Advisors are experienced senior students living right there with you. They've been through it all and they're ready to share their college wisdom and make sure you're in the loop about everything happening in residence and at the College. Plus, they'll plan awesome activities to keep you entertained.

We've even got a Live-In Residence Life Supervisor who's like a superhero providing fun programming and support in residence. They're available for emergencies even after hours, so you're covered no matter what. We also have a Residence Coordinator who's there to help you with any housing concerns you might have. Need help with payments or the admission process? They've got your back. We've got an amazing team of people here just for you!

OUR ROOM TYPES

Students will find comfort in spacious double, single, premium single, and barrier-free rooms. During your stay, set study hours provide a positive learning environment while added programming offers fun opportunities to meet new people.

OUR RATES*

ROOM ASSIGNMENT	TOTAL COST
DOUBLE	\$5,175
SINGLE	\$5,945
PREMIUM SINGLE (limited number)	\$6,700

*There is no meal plan requirement for Residence. Room availability, room type, and costs are subject to change for 2024-2025. Visit saultcollege.ca/residence for updated information.

YOU'RE ALL SET

Get ready for a crazy amount of fun events! We've got it all, from ice fishing and paintball to floor hockey and dodgeball. We'll even take you on beach days and city-wide scavenger hunts! And hey, we don't forget the important stuff. Laundry, cable, and internet are all included. If you're feeling like a master chef, each floor in Ray Lawson Hall has a full kitchen where you can show off your cooking skills. And when you just want to chill with friends, we've got comfy couches for movie nights and flat-screen TVs in our common areas for catching the latest game.

WANT TO KNOW MORE?

IMMERSED IN THE EXPERIENCE

5 Our Aviation program uses five state-of-the-art flight simulators

IMMERSED IN THE EXPERIENCE

You learn by doing, and that's what we're all about here. We're changing the way you learn, and it's amazing. We focus on experiential learning, that gets you working hands-on and reflecting on your experiences. It's an effective way to absorb new and important information. To complement our lectures, experiential learning gets you deeply involved in the process. It prepares you for success by throwing you into real-world situations where

you must problem solve, make decisions, collaborate, and plan. It's like getting valuable experience even before starting your career, and employers absolutely love that. And here's the kicker — technology plays a crucial role in creating the ultimate experiential learning environment for you. So, we've got top-notch simulators, interactive labs, and unforgettable field camps, all designed with your success in mind.

AVIATION

Aviation Technology – Flight

Ready to touch the clouds? Our Aviation program is the ultimate ticket to making your career soar!

Get ready to embark on one of the most thrilling careers out there. Our Aviation Technology – Flight program will equip you with all the skills you need to take flight and become a licensed pilot. And guess what? The best part is that your career can take you to incredible places across the globe. Wherever you work from, we guarantee the view will be jaw-dropping.

Our Hangar is impressive with 12,000 square feet of pure awesomeness, housing our outstanding fleet, including 17 college owned and maintained aircraft. Our aircraft are designed to be safe and responsive.

When you're not up in the sky, you'll be immersed in the virtual world of flight training in our state-of-the-art simulation labs. Step into our Hangar's student lounge, featuring two ALSIM AL250 simulators that complement the three simulators we have on our main campus. You'll get the chance to experience realistic flying scenarios in our simulators that closely match the planes you'll fly.

Through on-campus instruction, flight simulation, and hands-on training, you'll be part of a program that will have you dominating the field. Here, gravity doesn't hold you back. We're all about providing the best opportunities for our students, and that's what keeps our heads up in the clouds.

17

college-owned and maintained aircraft for in-flight training

DID YOU KNOW?

Our aircraft are equipped with ADS-B transponders so you will have access to nearby traffic altitude and directional readouts similar to traffic avoidance equipment on larger commercial airliners.

AVIATION DAY

Want to tour our Hangar and simulators? Register to attend one of our Aviation Day events at saultcollege.ca/aviationday

SCHOOL OF BUSINESS

Accommodation and Human Rights Management (Online Program)

Business (Online Program)

Business

Business – Accounting

Business Fundamentals

Business – Human Resources

Business – Marketing

Global Business Management

Health Care Administration

Office Administration – Executive

Project Management

Sports Administration

Supply Chain Management

Got big dreams for your business career? Our School of Business is here to shape you into a leader, an innovator, and a problem solver, all to make tomorrow a better place. You can even earn your diploma and then level up by heading to university through our 2+2 diploma to degree pathways with our partner institutions.

Our School of Business covers it all, no matter which industry you're interested in. Take a look at our Business program, where you'll dive into the concepts and practices of today's dynamic business environments. You'll gain essential skills in accounting, marketing, finance, human resources, business operations, and communication. If numbers are your jam, go for the direct route in finance with Business – Accounting.

But wait, there's more! Our School of Business is always evolving to meet the demands of the business world. We've recently introduced three new programs: Sports Administration, Business – Human Resources, and Business – Marketing. These fresh additions will guide you toward the career of your dreams.

Already have a diploma or degree and hungry for more knowledge and skills? Forge your own path with our postgraduate programs. How about exploring the ins and outs of manufacturing operations, purchasing, transportation, or physical distribution? If you have a healthcare background and a passion for taking charge, a career in healthcare administration might be your calling. You can also fast-track your studies and thrive in specialized offices with Office Administration – Executive where you'll gain in-depth training in important office software applications.

We've got endless options for you to find the business program that perfectly fits your goals. Get ready to unlock your potential and make your mark in the business world!

Work towards becoming a Chartered Professional Accountant (CPA) in Ontario with our pathway opportunity for Business – Accounting

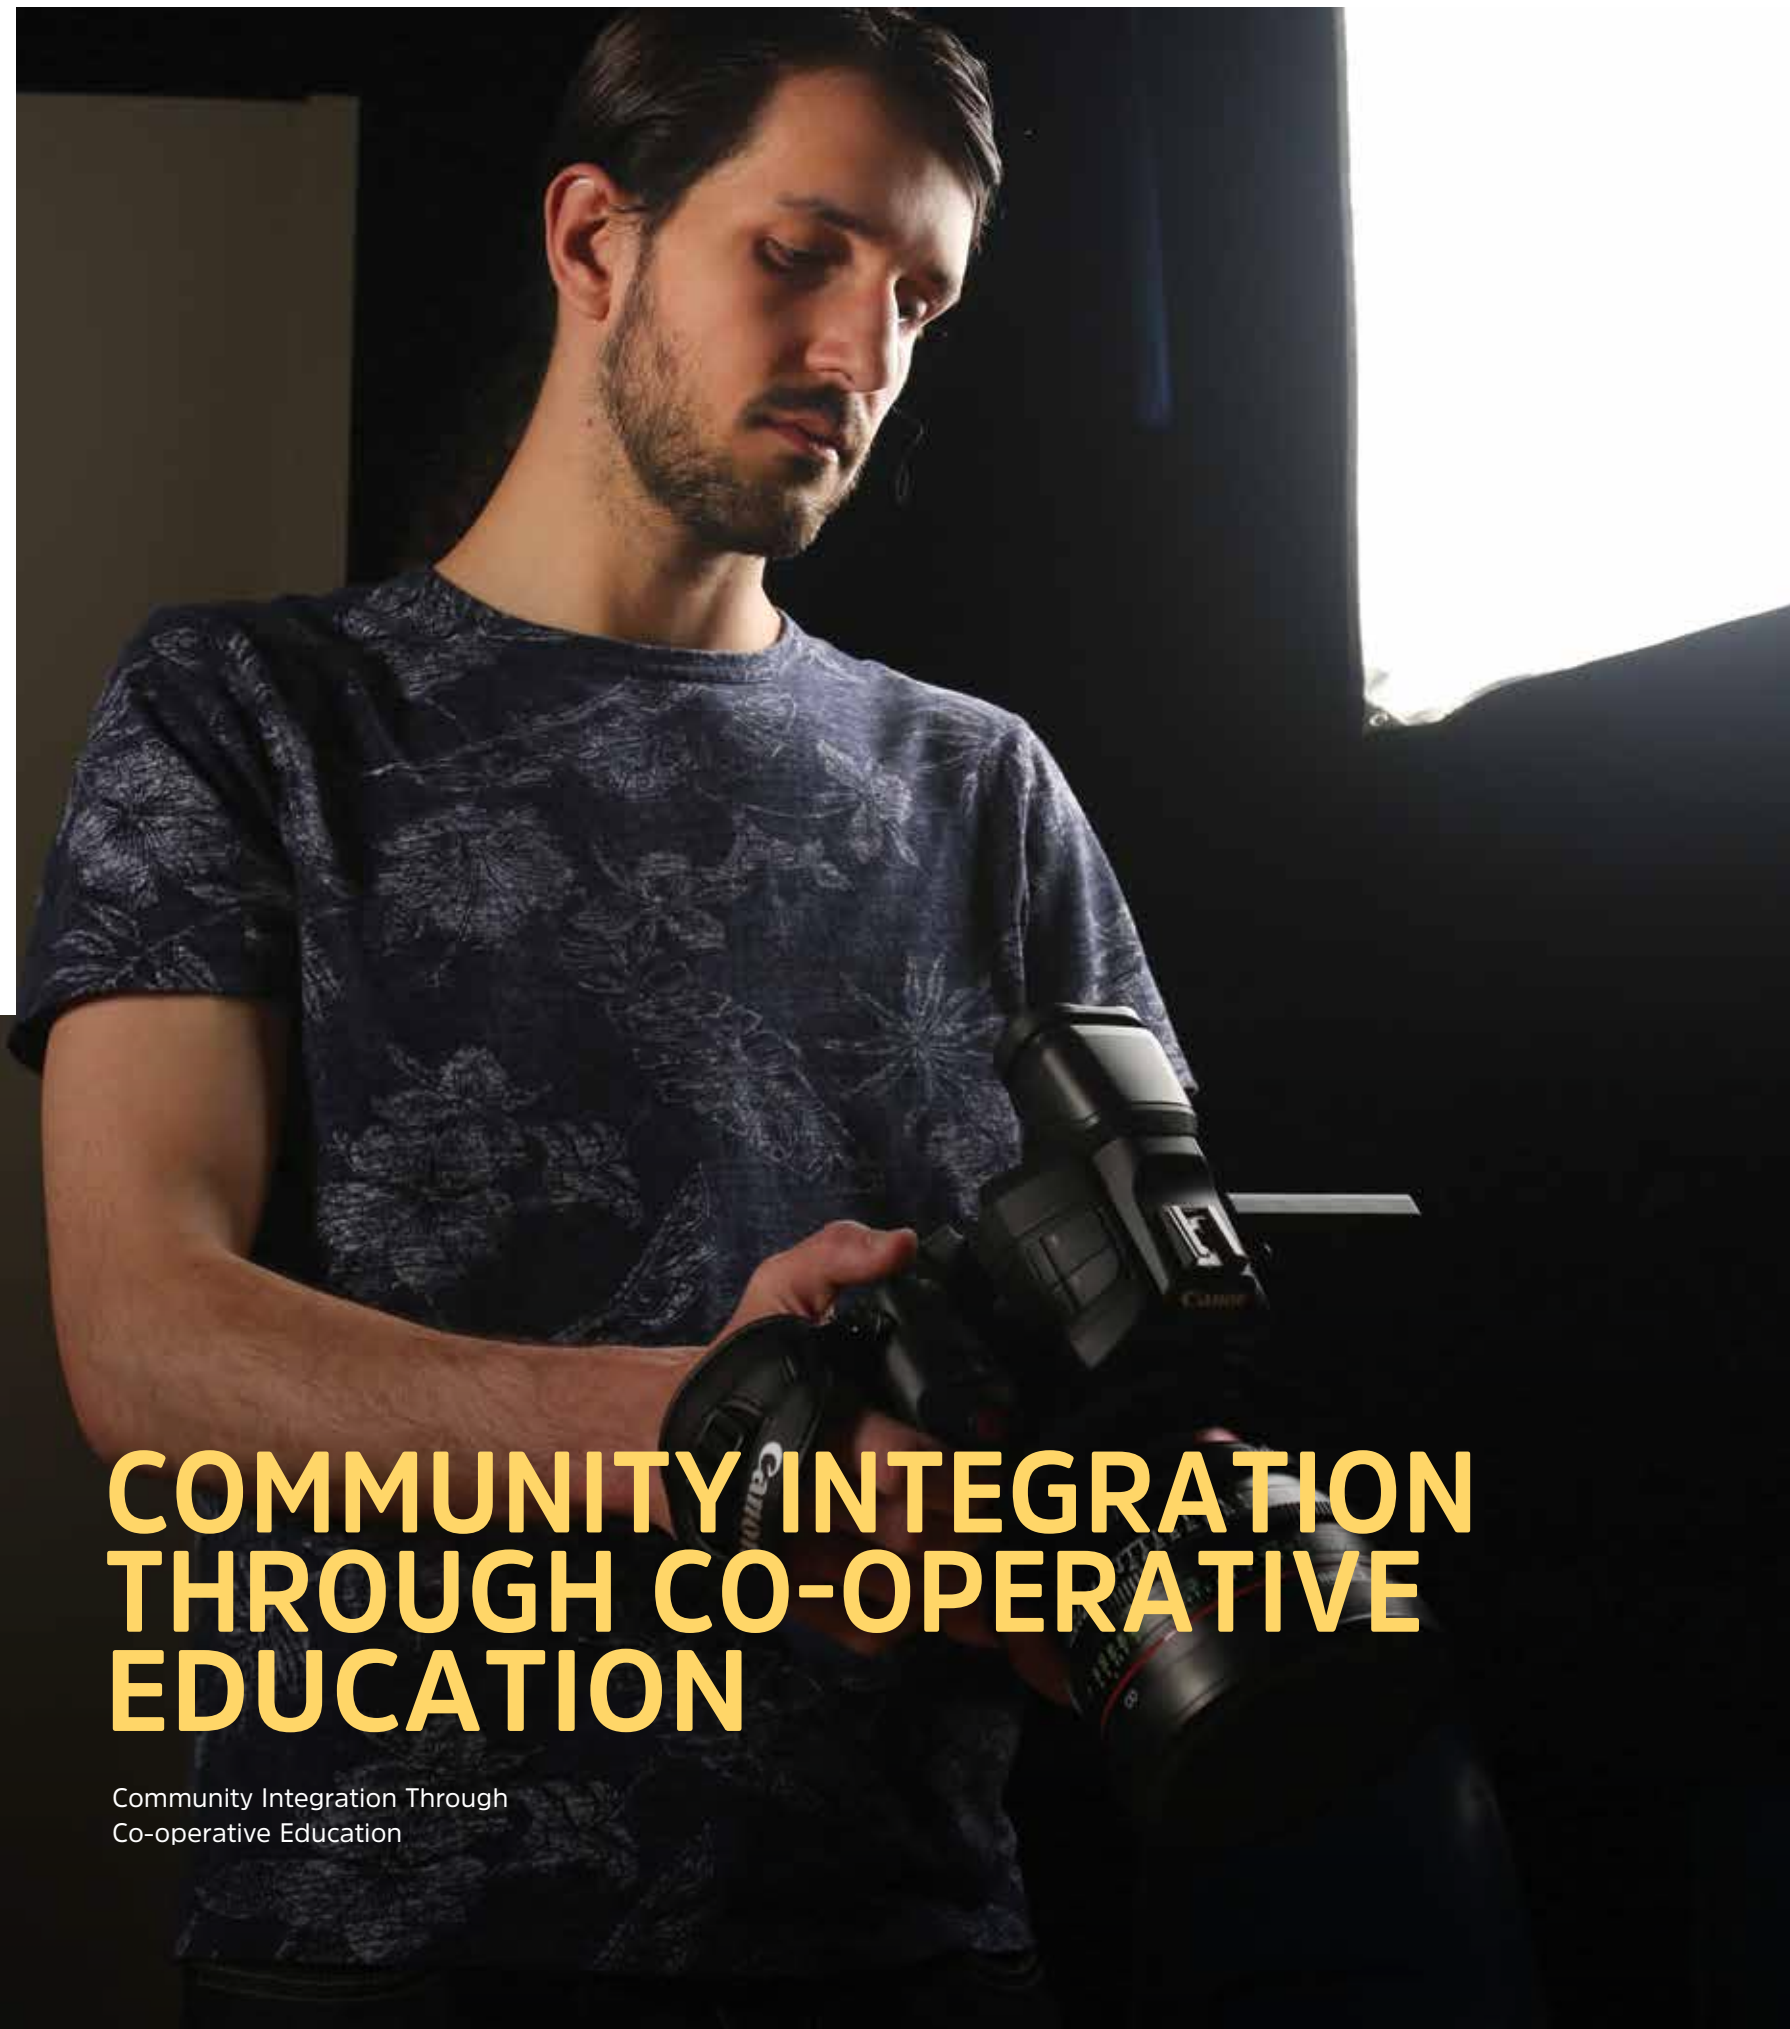

PATHWAY TO A DEGREE

Did you know that you can leverage your Sault College Business or Business – Accounting diploma by earning your degree in just two more years with one of our partnering universities? That means you can earn a degree and diploma in only four years. Visit saultcollege.ca/pathways

ACCESS GREAT MINDS

Our School of Business gives you access to business professionals, creative thinkers, local partnerships and real-world project initiatives that provide you with applied learning experiences to prepare you for your career.

See page 58-59 for more details or visit saultcollege.ca/business

COMMUNITY INTEGRATION THROUGH CO-OPERATIVE EDUCATION

Community Integration Through
Co-operative Education

Looking for that college experience with academic support? Are your learning challenges a barrier? Look no further because our Community Integration through Co-operative Education (CICE) program is here to support you.

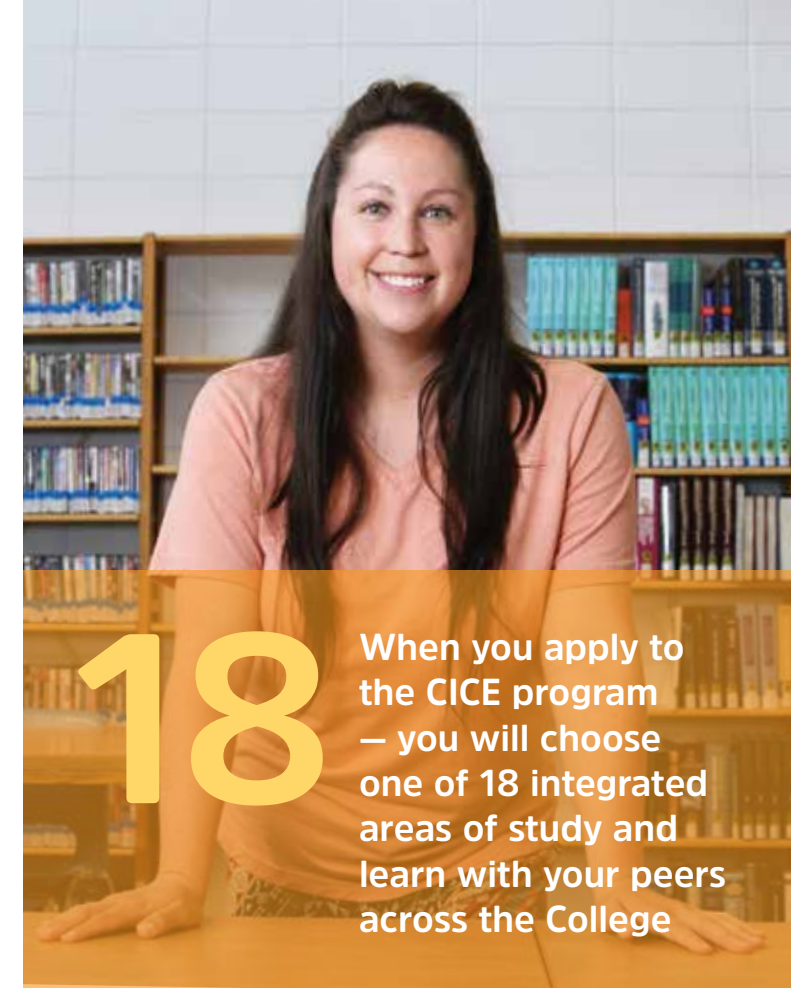

The CICE Program is a two-year Ontario College Certificate program that offers hands-on learning, personalized academic support, and top-notch employment preparation. Get ready to feel confident, make new friends, and immerse yourself in the full college experience.

This program is all about inclusivity and empowerment. It's designed to provide you with learning strategies and a wide range of opportunities to boost your academic, vocational, and social skills. You will be fully integrated into classrooms and labs, while growing your tech skills to thrive in different learning environments and enhance your communication abilities. Through hands-on experiences, academic skills, and learning strategies, you will develop employable skills that will set you up for success.

But that's not all! You will have the amazing support of your Learning Specialist, who will provide you with modifications and accommodations tailored to your needs. Plus our amazing student supports consistently receive high satisfaction ratings from our students. We are proud of that.

You will also get to embark on individualized field placements directly related to your area of study and tailored to your strengths. You will gain confidence in real-world experiences, and access outstanding employment supports. We are all about giving you every opportunity to discover your abilities and to prepare for an amazing future.

Join our tight-knit Sault College community and see how the CICE program will help you uncover the real you.

18

When you apply to the CICE program – you will choose one of 18 integrated areas of study and learn with your peers across the College

FIELD PLACEMENTS

Build confidence in your skills through field placements with our network of faculty, employers, and community partners. You will receive employment supports throughout the program.

HEAR FROM CICE STUDENTS

Check out our video and hear from some of our CICE students. Visit saultcollege.ca/CICE

See page 59 for more details or visit saultcollege.ca/CICE

COMMUNITY SERVICES

- Child and Youth Care
- Early Childhood Education
- Fetal Alcohol Spectrum Disorder (Online Program Delivery)
- Social Service Worker
- Social Service Worker – Indigenous Specialization
- Social Service Worker – Indigenous Specialization (Thunder Bay)

Do you want to make a difference in the world? Our Community Services programs were made for you. You've got that selfless spirit and an unwavering commitment to improving the lives of others. We know you might be too modest to shout it from the rooftops, so we'll do it for you. We hope you don't mind.

Ready to support the lives of children, youth, and families? Our Child and Youth Care program is where it's at. We have innovative training in areas like counselling, addiction, sexuality, mental health, and special needs. With field placements and a co-operative learning environment, we've designed this program for you to thrive in your career and make a positive impact on others. The Child and Youth Care program will prepare you to support children and families by promoting emotional, social, and behavioural strategies and well-being.

Our Early Childhood Education (ECE) program offers exclusive research-based training opportunities unique to our community's needs. We focus on promoting children's social, language, and literacy development with attention to a holistic approach to safety and well-being. You will also learn to plan the ECE curriculum for a variety of ages and development levels. Multiple field placements will provide you with opportunities for practical experiences.

If you're all about advocating for change and well-being, our Social Service Worker program is for you. We'll equip you with the theories and skills to build collaborative, culturally safe, and strengths-based relationships with individuals, families, groups, and communities.

And if you want to specialize, our Social Service Worker – Indigenous program teaches you how to practice with a culturally competent approach, gaining a deeper knowledge of the Indigenous worldview, Indigenous issues, interventions, and healing methods.

If making a difference is your passion, you've come to the right place. Get ready to unleash your superhero powers and change lives. It's what you were born to do.

2+2

Earn your diploma right here and then complete your degree with partnering universities, all in only four years

REGISTER AS A SOCIAL WORKER

As a graduate of one of our Social Service Worker programs, you'll meet the requirements for registration to become a regulated professional Social Service Worker with the Ontario College of Social Workers and Social Service Workers (OCSWSSW).

PATHWAY TO A DEGREE

Complete your diploma here and earn your degree with our Social Service Worker, Social Service Worker – Indigenous Specialization and Child and Youth Care pathways with our partnering universities. For more information, visit saultcollege.ca/pathways

See page 59 for more details or visit saultcollege.ca/community

CULINARY

Culinary Management
Culinary Skills – Chef Training

Are you the kind of person who loves to taste your homework? If you speak the international language of food, then our Culinary programs are about to blow your mind. It's time to turn your passion into a mouthwatering career that's so satisfying.

Cooking and creating dishes is your art form. You have this insatiable hunger to connect people through your culinary creations. And let us tell you, that makes us beyond happy. We've crafted our Culinary programs to put you side by side with experienced chefs, learning their techniques that will make you a culinary rockstar in any kitchen. Get ready to unleash your creativity and discover innovative ways to whip up delectable dishes for one person or even a hungry crowd of 100+ in our state-of-the-art industrial facility.

And let's not forget about the power of presentation — because you know, you eat with your eyes first! We'll dive into hands-on methods of food presentation that will make your dishes look as incredible as they taste. Our ultimate goal is to see you succeed in your culinary journey.

Our Culinary Skills – Chef Training students got a real taste of global cuisine and cooking through an exciting exchange in Mexico. They hung out with a culinary crew at a Cancun university for a week, diving into Mexican dishes and culture. And you know what else is cool? The students from Cancun came over to Sault College for a week to savour the Canadian culinary experience, too.

So get ready to put your taste buds and creativity into action. We've got the perfect programs to satisfy your culinary cravings and elevate your career to a whole new level. Bon appétit!

Our students contributed to the national "Salt Free Canada Cookbook," a culinary initiative to develop salt-free recipes

CO-OPERATIVE EDUCATION

Earn money and hands-on experience with a paid co-op over the summer semester with our Culinary Management program. Employers highly value the industry experience combined with postsecondary education. Special focus is given to the importance of interpersonal teamwork, technical and leadership skills as they meet the daily challenges of a dynamic, customer-focused environment.

ENGINEERING TECHNOLOGY

Automated Manufacturing
Bachelor of Engineering – Mechatronics
Civil Engineering Technician
Construction Project Management
Electrical Engineering Technician – Process Automation
Electrical Engineering Technician – Process Automation and Trades

Electrical Engineering Technology – Process Automation
Instrumentation and Control Engineering Technician
Mechanical Engineering Technician – Manufacturing
Mechanical Engineering Technology
Pre-Trades and Technology
Robotics and Automation

What if? These two little words have sparked all the mind-blowing tech in our lives. And guess what? You're the kind of person who takes that inspiration and turns it into jaw-dropping creations.

You're the master of putting the 'what ifs' into action, and that's why you've chosen a career in engineering technology. You're a problem solver who's here to make things better, faster, and easier. And it all starts right here.

There's a major shift in the steel, oil and gas, automotive and manufacturing industries. We don't want to sound like we're straight out of a sci-fi movie, but robots are taking over jobs. Automation is about to impact almost half of the Canadian workforce in the next decade. It's creating a booming industry in solution-driven product design, development, and testing. The real question is, are you ready to step up and shape the future of these industries? Um... YES, please!

Our Robotics and Automation program will have you progressing in this ever-evolving workforce. Picture yourself in a cutting-edge laboratory, simulating a full-on manufacturing environment and bringing your ideas to life to tackle real-world problems. It's like a playground for problem solvers like you.

You can earn your Bachelor of Engineering in Mechatronics right here at Sault College in partnership with Humber College. You get to choose your focus to either dive deep into the world of robotics or master embedded systems. Along the way, you'll gain knowledge and skills in mechanical, electrical, electronics, and computer engineering. You'll get hands-on experience tackling industry and community problems that will leave a lasting impact.

If you're excited about solving those mind-boggling automated manufacturing problems that pop up in any industrial setting, we've got just the thing for you. Check out our Automated Manufacturing program and configure, control, monitor, and evaluate automated manufacturing components and systems like a true pro.

9 state-of-the-art robotic ABB arms

MECHATRONICS SCHOLARSHIPS

We offer entrance scholarship opportunities of up to \$4,000 for students of Bachelor of Engineering – Mechatronics.

STATE-OF-THE-ART EQUIPMENT

Automated Manufacturing students will have access to state-of-the-art CNC mill and lathe equipment, 3D printers as well as our robotics lab installed in a simulated manufacturing environment.

See page 60 for more details or visit saultcollege.ca/engineering

GENERAL ARTS AND SCIENCE

General Arts and Science – One-Year
General Arts and Science – University Transfer

Still figuring out what lights your fire? In a world bursting with endless possibilities, we've got your back when it comes to finding the path to career success.

Say hello to our General Arts and Science programs – your ticket to an adventure in exploration. Dive into a wide range of fascinating subjects and strengthen your skills in communication, critical thinking, and interpersonal relations. We're talking social science, humanities, communications, math, and science, all geared towards helping you uncover the career path for you. You'll have the freedom to work with our awesome faculty to choose electives and create a personalized full or part-time schedule that fits your life like a glove.

If you're ready to take your passion to the next level, we've got a selection of diploma programs. Picture yourself enrolled in your dream program, making waves and chasing your ambitions. And get this – 10% of the spots in our other programs are reserved for One-Year General Arts and Science certificate holders like you. It's the perfect opportunity to level up your academic skills and enter those high-demand program areas.

Setting your sights on a degree? We've got you covered there too. Our General Arts and Science – University Transfer program lays down a rock-solid foundation for your future university studies. We'll equip you with the knowledge and tools to explore all the pathways available to you as a proud graduate of our program. We believe in creating the best environment for you to explore your interests and prepare for the next thrilling chapter in your education.

2+2

Earn your diploma right here and then complete your degree with partnering universities, all in only four years

PATHWAY TO A DEGREE

As a graduate of the two-year General Arts and Science – University Transfer diploma program, you have university pathway options available to get your Bachelor of Arts with our partner Algoma University, to major in English, History, Political Science, Sociology, Psychology or Law and Justice.

As an alternative, you can further your education by transferring credits to complete your degree at some of Ontario's top universities, including Carleton University, Lakehead University, Laurentian University, York University, University of Guelph, University of Waterloo, and University of Windsor, as well as Lake Superior State University in our sister city in Michigan.

**Do you love to care for others?
 Your passion to help inspires us!
 We understand that an investment
 in you is an investment in the
 thousands of people you'll impact
 through your career. And hey, we
 kind of like that.**

First up, we've got the Bachelor of Science in Nursing (BScN) program. This is where real-world success begins. You'll dive right into clinical placements from year one, work in state-of-the-art simulation labs, and enjoy small class sizes that foster an amazing learning environment. Our program is about shaping highly skilled healthcare professionals who are in high demand.

If you're into practical nursing, we've got you covered too. Join forces with our experienced faculty to gain the essential knowledge, skills, and values you need to rock the role of a practical nurse. If you're already a Registered Practical Nurse (RPN), our RPN to BScN Bridging program is the perfect fit. It's just one semester followed by years three and four of the BScN program. By the end of it, you'll have met the College of Nurses (CNO) RN entry-to-practice competencies in five semesters and be ready to take the National Council Licensure Exam (NCLEX).

If your heart races when you see others succeed, our Fitness and Health Promotion program is for you. Get ready to inspire individuals and communities to live their best lives. We'll equip you with hands-on training and field placements that'll turn you into a top-notch leader. You'll learn physical assessment techniques that will set you up for success. And if you've got your sights set on a degree in sport or kinesiology, we've got a plan for you. Earn your diploma with us and then as a pre-kinesiology Fitness and Health Promotion graduate, you can continue your journey with partnering universities to snag that degree in just two more years.

We've got a diverse set of healthcare programs that are tailored to fuel your drive to make a difference. So, buckle up, my caring friend, because we're here to help you achieve your goals and create a brighter, healthier world together.

**Explore our on-site Physiotherapy
 Clinic that provides assessment
 and treatment while offering
 fieldwork placements**

PATHWAY TO A DEGREE

Fitness and Health Promotion and Occupational Therapist Assistant and Physiotherapist Assistant students can earn their diploma right here in two years and then can move on to university to complete their Honours Bachelor of Science in Kinesiology degree at Lakehead University. INDIGENOUS STUDIES

Anishinaabemowin – Immersion
Social Service Worker – Indigenous Specialization
Social Service Worker – Indigenous Specialization (Thunder Bay)

Are you passionate about our vibrant Indigenous community, its rich history, and deep-rooted traditions? If so, Indigenous Studies is the perfect fit for you.

In Indigenous language lies a world of wisdom and expression that goes way beyond words and sentences. It represents history, our connection to the land, ceremonies, spirituality, and so much more. We're proud to offer one of the few certified Indigenous language immersion certificates in all of North America.

Building up communities is your calling, and we're here to make sure you have all the right tools to make an impact. Our Social Service Worker – Indigenous Specialization program will lay the foundation for you to become a skilled social service worker with a culturally competent approach. You'll gain the knowledge and tools needed to advocate for social justice in both Indigenous and other organizations.

You can complete the Social Service Worker – Indigenous Specialization program right here in beautiful Sault Ste. Marie or in Thunder Bay and join forces with the amazing Oshki-Pimache-O-Win Education and Training Institute. Once you've graduated, you'll be eligible to register with the College of Social Work and Social Service Workers, ready to make a real difference in the lives of others.

Here, education and life seamlessly come together. You'll have access to Elders, Indigenous professors, and instructors who will enrich your learning journey. Plus, you can get involved with our Indigenous Students' Union, because your voice matters. We're here for you every step of the way with our Indigenous student supports. From tutoring to counselling to college application assistance, we've got your back.

Just like you, we celebrate the richness of language, culture, and heritage that thrives in our communities. We're proud of our roots and excited to welcome you to a cultural learning journey.

Gain valuable work experience with a field placement in our Social Service Worker – Indigenous Specialization program

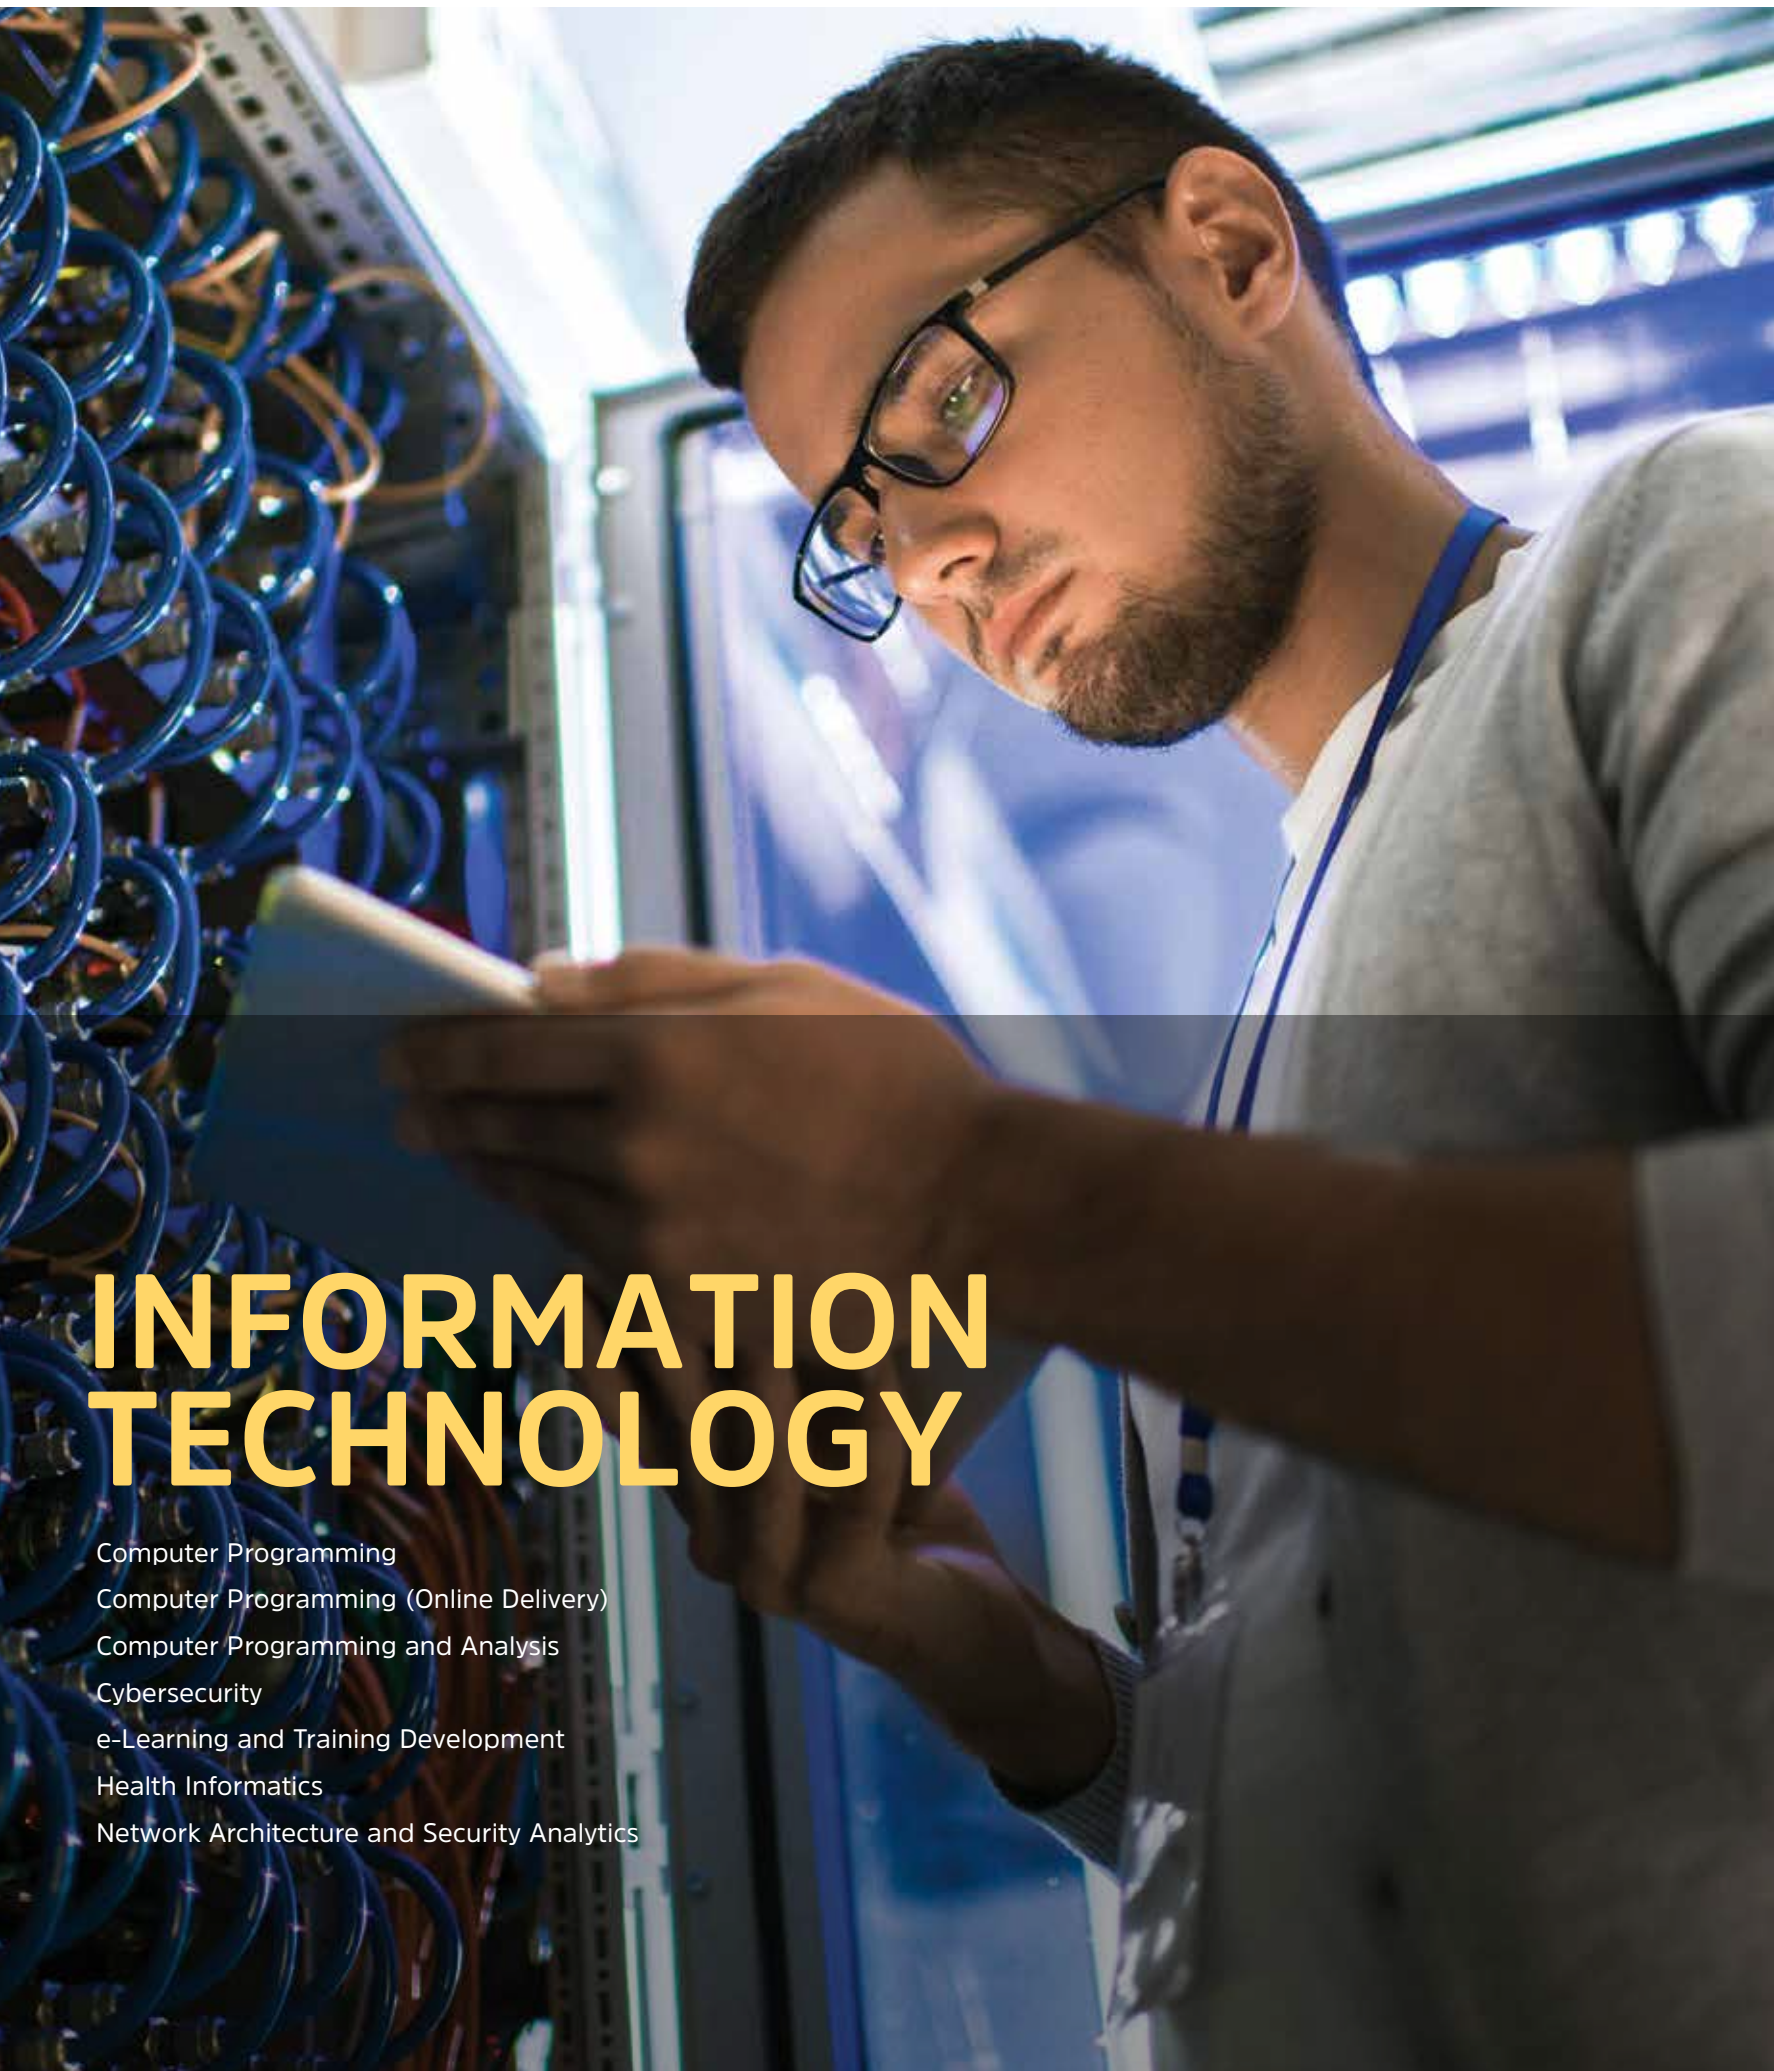

PATHWAY TO A DEGREE

We offer three pathway to a degree options to further your education. You can get your Social Service Worker – Indigenous Specialization diploma and then get a degree in Bachelor of Social Work (Honours), Honours Bachelor of Arts in Human Relations and Spirituality or Bachelor of Indigenous Social Work in just two more years.

Learn more at saultcollege.ca/pathways

See page 61 for more details or visit saultcollege.ca/Indigenous

INFORMATION TECHNOLOGY

- Computer Programming
- Computer Programming (Online Delivery)
- Computer Programming and Analysis
- Cybersecurity
- e-Learning and Training Development
- Health Informatics
- Network Architecture and Security Analytics

Do you love technology? Whether it is computer programming, cyber and network security, health informatics, or e-learning design, we are ready to get you started.

We've got the best student-to-computer ratio in the entire province. Explore our leading-edge computer labs, giving you plenty of access to resources within our campus. That means all the tools you need to succeed in our programs will always be at your fingertips. In the ever-changing world of computers, we make sure you don't become outdated technology. Our hardware and software environments are designed to mirror the most up-to-date industry-standard networks and platforms. We are also equipped with a cybersecurity and networking lab for your practical hands-on activities. We're constantly evolving, so you can design, develop, and implement the newest computer applications out there.

Now, if you're into the exciting intersection of IT and healthcare, we've got something special for you. Health Informatics is where it's at. Think technological advancements in medical records, automated voice transcriptions, digital imaging concepts, and so much more.

If you're interested in a university degree beyond Sault College, you can apply earned credits to a computer science degree at partnering institutions, like Algoma University.

Expand your skills beyond your diploma and build the career of your dreams. We offer one-year postgraduate programs like Network Architecture and Security Analytics where you'll deepen your knowledge in the design, operation, analysis and security of enterprise networks and become a specialist in information technology and network communications. With your love of learning and technology, you'll be a perfect fit for our e-Learning and Training Development program, where upon graduation, you'll be ready for success in creating online training and educational modules to meet the needs of a variety of educational and corporate audiences.

Employers are looking for you! The demand for information technology workers continues to grow and we can help start your IT career.

HIGH DEMAND

As businesses continue to rely on technology to transform their operations, the need for programmers and software developers will keep growing

PATHWAYS TO A DEGREE

Choose the path to a degree in Bachelor of Computer Science with our partner Algoma University, once you earn your Computer Programming diploma right here. You could get both your diploma and degree in as little as four years.

MEDIA AND DESIGN

Digital Film Production
e-Learning and Training Development
Graphic Design – Digital Media

Are you all about unleashing your right brain powers? You're a visionary, a rule-breaker, and a creator like no other. We're here to help you design a career that revolves around your creativity.

Lights, camera, action! Ever imagine yourself saying those words on a film set? Let's team up and bring your creative vision to life. Our Digital Film Production program is an exhilarating journey that takes you through the entire filmmaking process, from inception to distribution. You'll learn all about idea development, scripting, production, and even get insights into production for both film and television.

You'll have the incredible opportunity to work as a crew member on local film productions. Imagine seeing your name in the credits of films like "A Masked Saint" with the legendary Roddy Piper, "Remember" starring Christopher Plummer, "The Amazing Race Canada," and so many more! We can't help but burst with pride when we see our students making waves.

If design is more your scene, get ready to lay out your professional goals with our graphic design program. You'll dive into the design process alongside professional designers who will guide you every step of the way. Through project-based learning, you'll gain hands-on experience while crafting a jaw-dropping portfolio that'll make employers go wild for your talent.

Did we mention you'll walk away with an advanced diploma? We have one of few accelerated design programs in all of Ontario which means you'll complete our three-year program in just two years.

Our postgraduate program in e-Learning and Training Development can take your passion for learning and design to the next level. Learn how to create online training and educational modules that will meet the diverse needs of various audiences.

If creativity flows through your veins and you're beyond excited to take your creative passions to the next level then it's time to explore our media and design programs.

Produce, direct, and edit your own masterpiece in our Digital Film Studio, with real-live sets

STATE-OF-THE-"ART"

Experience our state-of-the-art computer lab to help develop skills for trends and needs in graphic design careers.

REAL-WORLD EXPERIENCE

Students in Graphic Design – Digital Media will work with non-profit agencies as design consultants. Create logos, brand strategies, and design creative assets to support local organizations.

See page 62 for more details or visit saultcollege.ca/mediadesign

THIS IS KEVIN'S TIME TO BE

Kevin, an alumnus of Sault College's School of Natural Environment, boasts 19 books under his belt, including *The Happy Camper* and his series of acclaimed paddling guides. As a renowned public speaker, radio and TV personality, he's also a prolific contributor to *Explore Magazine* and *Paddling Magazine*, clinching numerous national awards. Kevin's achievements include Patron Paddler for Paddle Canada and multiple filmmaking honours. He's also been recognized as one of the Canadian Geographical Society's top 100 modern-day explorers. Some amazing accolades for an amazing graduate.

Read his story and many others at
saultcollege.ca/realstories

SCHOOL OF NATURAL ENVIRONMENT

- Adventure Recreation and Parks Technician
- Climate Change Mitigation
- Environmental Sustainability Analysis
- Fish and Wildlife Conservation Technician
- Forestry Technician – Conservation
- Natural Environment Technician – Conservation and Management
- Natural Resource/Environmental Law – Inspection and Enforcement
- Urban Ecosystem Technician

Do you love the great outdoors? Our School of Natural Environment has the perfect outdoor classroom.

We're nestled between breathtaking Lake Superior and pristine Lake Huron, surrounded by some of the largest freshwater lakes in the world, the Canadian Shield, majestic forests, and endless streams.

We both know that protecting the environment is our passion. We love sharing that with you! Our programs are geared towards conservation, environmental protection, and exploring natural resources through field-based study.

Get ready to put your knowledge to the test on multi-day field trips, collaborate in awesome outdoor workspaces, and kickstart your natural resource career through co-operative work placements. Yep, that's even more hands-on experience to help prepare you for graduation and your career path.

If you're all about protecting, studying, and working in our incredible natural surroundings, and you've got a burning passion for a career in adventure recreation, fish and wildlife, conservation, forestry, sustainability or environmental law, then look no further. This is your home.

We've got endless opportunities to take your natural environment education to the next level with our diploma-to-degree program pathways, thanks to our incredible partnering universities.

So, my nature-loving friend, get ready to embark on an adventure like no other.

45 hectares of outdoor classroom space to learn in and around Sault Ste. Marie

PATHWAYS TO A DEGREE

We offer 2+2 pathway to degree options with our two-year diploma programs in Adventure Recreation and Parks Technician, Fish and Wildlife Conservation Technician, Forestry Technician – Conservation, or Natural Environment Technician – Conservation and Management. In only two more years, you can complete your Bachelor of Science degree with one of our partnering universities.

Visit saultcollege.ca/pathways for more information.

POLICING, LAW & PUBLIC SAFETY

Natural Resource/Environmental Law – Inspection and Enforcement
Police Foundations
Protection, Security and Investigation

You're a real community hero, and we can't thank you enough for your dedication. We can offer you something awesome in return – the best hands-on training for your career in law enforcement and public protection.

We know you're all about making a difference in the world, and that's exactly why we're here to offer you our Police Foundations program. You'll get to experience training technology that's used by military and law enforcement agencies around the world. Our MILO Range tactical, use-of-force, and firearms training system in our state-of-the-art simulation training lab is mind-blowing. Brace yourself for over 800 realistic, on-the-job scenarios that you can interact with using voice recognition and use-of-force tools.

Now, if you're looking to take a different path in the field of private and public safety, we've got you covered too. Our Protection, Security, and Investigation program will equip you with a wide range of skills that are in high demand. We're talking about careers in policing, customs administration, corrections, public security, and so much more. Is saving our planet and safeguarding its resources, conservation, and environment your passion? The Natural Resources/Environmental Law – Inspection and Enforcement program blends experiential learning and theory to prepare you for a successful career in conservation and environmental law enforcement. Explore lakes, trails, forests, and off-the-beaten-path roads to create a lasting impact for future generations in Ontario, Canada, or anywhere else on the planet.

We have incredible graduates from our Policing, Law, and Public Safety programs. These alumni are out there serving their communities as city police officers, Royal Canadian Mounted Police (RCMP) heroes, Ontario Provincial Police (OPP) stars, and even Canada Border Services Agency officers. Some have gone on to achieve extraordinary success, reaching positions like Deputy Chief of Police and Detachment Commander of the OPP.

Simulation training can help students achieve **90%** learning retention

PATHWAY TO A DEGREE

We have degree options with our partnering universities! Complete your two-year diploma in Police Foundations or Protection, Security and Investigation, and then you can choose to earn your Bachelor of Science degree in Criminal Justice in just two more years. You can also work towards a Bachelor of Arts in Law and Justice with our 2+2 pathway upon completion of your Police Foundations program. Visit saultcollege.ca/pathways

SALON & SPA SERVICES

Esthetician
Hairstyling

You're a trendsetter and love helping people stand out from the crowd! Our Salon and Spa programs are all about letting your creativity shine and giving you the tools to embark on a career that truly makes a statement.

If styling is your passion, our Hairstyling program is where it's at. Get ready to uncover the secrets to mastering your favourite looks or bringing fresh new visions to life. But it's not just about the hair — it's also about making clients happy and confident. You'll gain hands-on experience in our on-site salon, specializing in haircutting, styling, hair additions, chemical texture, and colour services. Get ready to unleash your styling superpowers!

Now, here's the exciting part — career opportunities in hairstyling are endless. You can work in a salon, be your own boss and start your own business, jet-set around the world as a stylist, create a booming career from the comfort of your own home, or even become a teacher and inspire the next generation of stylists. Whatever your passion, you'll find it right here.

Master a full range of spa treatments through our Esthetician program. Get ready to learn from experienced professionals in a fully-equipped esthetic lab and gain invaluable hands-on experience in our student-run community spa. Our curriculum is always up to date, keeping you ahead of the game with exciting industry trends. Introductory instruction in microblading and lash extensions will prepare students for further certification in these highly sought after trends. Brow lamination, lash lifts, theatre makeup, sugaring hair removal and cupping massage are just a few exciting additions to the curriculum which will be an asset for success in this highly competitive industry.

Our Hairstyling and Esthetician diploma programs are delivered in only three consecutive terms. Talk about getting ahead in style!

45

Earn either your Esthetician or Hairstyling diploma in only 45 weeks

HAIR'S TO YOU

Every year, our Hairstyling program hosts the Hair's To You event to highlight the services and wigs available at our Sault College Wig Clinic throughout the year. Our Wig Clinic provides wigs free of charge to community members living with hair loss.

SKILLED TRADES AND TRANSPORTATION

- Construction Techniques
- Mechanical Techniques – Industrial Maintenance (Millwright)
- Mechanical Techniques – Machine Shop
- Metal Fabrication Technician
- Motive Power Fundamentals – Automotive Repair
- Motive Power Fundamentals – Heavy Equipment and Truck Repair
- Motive Power Technician – Advanced Repair
- Pre-Trades and Technology
- Welding Techniques

If you are all about shaping the world around you and making things happen, then our Skilled Trades and Transportation programs are the perfect fit for you.

We're here to lay the foundation for your future in the trades and transportation, because let's face it, communities are built by rockstar tradespeople like you. We're beyond honoured to join forces and put those finishing touches on your career.

Do you love the roar of an engine? We've got the ultimate Motive Power Centre for our automotive programs. It's decked out with all the tools and training you need to take your passion to the next level. Get ready for a hands-on experience as you build, diagnose, and repair a wide variety of cars, trucks, and heavy equipment.

If you're into carpentry and building, our Construction Techniques program is for you. In just eight months, you'll gain essential carpentry skills and learn industry-standard building techniques. You'll be a pro at drafting estimates, surveying, creating layouts, and reading blueprints.

If you want to learn a skill that's used in almost every trade out there, our Welding Techniques program or two-year Metal Fabrication Technician program will be your ticket to success. Get ready to thrive in a profession that's in high demand.

Skilled trades have so many other career options, like millwright and machinist. These industries are crying out for skilled professionals like you. There's plenty of demand and endless opportunities to shine.

Don't stress if you're not sure which area you'll love best. Our Pre-Trades and Technology program is all about giving you the chance to sample different skills and backgrounds while building a solid foundation in trades and technology.

So, my skilled trade superstar, get ready to shape the world around you like a true champion.

25,000
square-foot Motive Power Centre

YOU ARE IN DEMAND
The provincial government estimates there will be a shortage of 350,000 people required for skilled trades by 2025.*

PATHWAYS TO A DEGREE

2+2

Earn a two-year diploma at Sault College and move on to university to complete your degree in just two more years!* Visit saultcollege.ca/pathways for more information.

EDUCATION OPTIONS

We have many opportunities for you to prepare, further, and enhance your education.

ACADEMIC UPGRADING

Missing a course prerequisite for admission to your college program of choice? Need an Ontario Secondary School Diploma (OSSD) equivalent for employment or apprenticeship? If so, our Academic Upgrading program can help you prepare for college-level and apprenticeship programs at any time during the year. With year-round intake, flexible course delivery and self-paced learning options, upgrading meets the needs of a diverse student population. Qualified Academic Upgrading students have the opportunity to take a college course free of charge. Assistance with transportation is also available. Visit saultcollege.ca/upgrading

APPRENTICESHIPS

Sault College is an approved Training Delivery Agent for the Ministry of Labour, Training and Skills Development. We offer in-school apprenticeship training in the following trades: Automotive Service Technician, Truck and Coach Technician, Heavy Duty Equipment Technician, Parts Technician, Construction and Maintenance Electrician, Industrial Electrician, Plumber, Steamfitter, Machinist, Ironworker, Hairstylist, and Cook. You must be a registered apprentice to register in our apprenticeship classes. To learn more about apprenticeship and how to become a registered apprentice, visit skilledtradesontario.ca

CONTINUING EDUCATION

Lifelong learning is what Continuing Education is all about. From online programming (certificates and diplomas) to corporate training to pre-apprenticeship to general interest programming, we have something

for everyone. With courses running throughout the year, registration is always available. Visit saultcollege.ca/coned to get started. To further assist those wishing to advance their current careers, we also offer over 100 micro-credentials which can be found at training.saultcollege.ca

CO-OPERATIVE EDUCATION

Co-operative Education (co-op) provides opportunities for you to learn beyond your classroom as you integrate relevant work experiences into your academic studies. Co-op also lets you further develop life and employment skills while earning money. You'll get a better idea of the career options available to you and build your network of contacts for future employment. Many employers prefer hiring co-op grads because of the applied learning they receive. We will prepare you for your summer work term and employment upon graduation.

DUAL CREDIT OPPORTUNITIES

Sault College, in partnership with the Algoma District School Board and the Huron-Superior Catholic District School Board, offers dual credit opportunities for grade 11 and 12 students in Algoma. Students can register and participate in college courses while still in high school. They'll earn college credits while earning high school credits toward their Ontario Secondary School Diploma. Students will get a sneak peek into what's ahead in their postsecondary journey and become familiar with the college environment, programs, and services. For more information, visit your high school Guidance/Student Services office. Dual credit programs are funded by the Government of Ontario through the School College Work Initiative. Visit gotocollege.ca

ENGINEERING TECHNOLOGY						
Automated Manufacturing	CNC programmer, industrial engineering and manufacturing technician/technologist, CNC machining operator, mechanical engineering design technologists, robotics technician/technologist	4069	OCGC	2	Ontario College Diploma, Ontario College Advanced Diploma, Degree or equivalent, preferably in Engineering	\$4,627
Bachelor of Engineering – Mechatronics	Advanced manufacturing, energy, health care, food and pharmaceutical, packaging, consulting, transportation, and automotive, as well as in other emerging industrial sectors.	4200	HONS DEGREE	8	Grade 12 English (ENG4U or equivalent), Grade 12 Physics (SPH4U), Grade 12 Calculus and Vectors (MCV4U), Grade 12 Mathematics course from one of the following: Advanced Functions (MHF4U) or Mathematics of Data Management (MDM4U), two Grade 12 U or M courses in addition to those listed above A final grade of not less than 65% in each of the listed course requirements Overall minimum grade point average (GPA) 65%	\$7,749
Civil Engineering Technician (Co-op)	Consulting engineering companies, general contractors, building product manufacturers, municipal governments, highway departments, and federal public works departments	4080	OCD	4	Grade 12 English (C) ENG4C, Grade 12 Math for College Technology (C) MCT4C or Grade 12 Foundations for College Math (C) MAP4C	\$4,371
Construction Project Management	Building and highway construction, trades, utilities and manufacturing	4077	OCGC	2	Ontario College Diploma, Ontario College Advanced Diploma, Degree, or equivalent; a diploma or degree in an engineering-related field is an asset	\$4,176
Electrical Engineering Technician – Process Automation	Public utilities commission, industrial user, manufacturer of electrical equipment, electrical installer and electrical engineering consulting firm	4026	OCD	4	Grade 12 English (C) ENG4C, Grade 12 Math for College Technology (C) MCT4C**** or Grade 12 Foundations for College Math (C) MAP4C	\$3,867
Electrical Engineering Technician – Process Automation and Trades	Instrument repair technician, electrical maintenance technician, process control technician and electrical repairer	4127	OCD	4	Grade 12 English (C) ENG4C, Grade 12 Math for College Technology (C) MCT4C**** or Grade 12 Foundations for College Math (C) MAP4C	\$3,867
Additional Certificate Earned: Electrical Engineering – Process Automation (4026)						
Electrical Engineering Technology – Process Automation	Public utilities commission, industrial user, manufacturer of electrical equipment, electrical installer and electrical engineering consulting firm	4029	OCAD	2	Electrical Engineering Technician Diploma and completion of Calculus (MTH551)	\$3,867
Instrumentation and Control Engineering Technician	Pulp and paper, power generation, mining, petrochemical, natural gas, steel, refining, and water and wastewater treatment industries	4104	OCD	N/A	Not a direct intake If you are enrolled in a Sault College Electrical Engineering program (4026, 4127, 4029) you may be eligible in your second or third year to take courses that will allow you to gain this additional diploma	Part-Time Fees Apply
Mechanical Engineering Technician – Manufacturing	Steel, mining, pulp and paper, lumber, automotive and food processing industries	4039	OCD	4	Grade 12 English (C) ENG4C, Grade 12 Foundations for College Math (C) MAP4C	\$3,867
Mechanical Engineering Technology	Computer-aided design and manufacturing, industrial sales and junior management in the mechanical field	4043	OCAD	2	Mechanical Engineering Technician Diploma, completion of MCH125 and MTH551 or equivalent	\$3,867
Additional Certificate Earned: Mechanical Techniques – Machine Shop (4040) and Mechanical Techniques – Industrial Maintenance, Millwright (5082)						
Pre-Trades and Technology	Preparation for college postsecondary technology programs, apprenticeships and/or the workplace	4005	OCC	2	OSSD or equivalent	\$3,867
Robotics and Automation	Automotive and aerospace manufacturing, food and beverage industries, pharmaceutical, original equipment manufacturers, system integrators, automation distribution and sales	4073	OCGC	2	Ontario College Diploma, Ontario College Advanced Diploma or University Degree in a related field such as electrical, mechanical, mechatronics or metal fabrication; related industry experience may also be granted admission at the discretion of the College	\$4,627

GENERAL ARTS AND SCIENCE

General Arts and Science – One-Year	Pathway to communications, social sciences, humanities, and math and science	1105	OCC	2	Grade 12 English (C) ENG4C	\$3,799
General Arts and Science – University Transfer	Pathway to prepare for further education at university level	1115	OCD	4	Grade 12 English (C) ENG4C	\$3,799

2+2

PROGRAM	CAREERS	CODE	CRED	SEM	ADMISSION REQUIREMENTS	TUITION*
HEALTH						
Bachelor of Science – Nursing (Bridge)	Community, private practice, acute and chronic care hospitals	3405	BScN	5	First semester of the bridge program begins in January. Students return the following fall and winter for semesters 2 & 3. Applicants are advised to contact the Registrar's Office for further information regarding admission	\$3,832***
Bachelor of Science – Nursing (Honours)	Community, private practice, acute and chronic care hospitals	3401	BScN	8	Six (6) Grade 12 courses including English ENG4U, Grade 12 Math (U), Biology SBI4U, and Chemistry SCH4U and the remainder at the 'U' or 'M' level, minimum overall average of 75% for all 6 courses Visit saultcollege.ca for clinical requirements Applicants not applying directly from high school are advised to contact the Registrar's Office for further information regarding admission	\$7,514
Fitness and Health Promotion	Personal trainer, health coach, group fitness and activity leader in public and private healthy active living clubs/agencies (fitness and recreation), workplace fitness programs and the fitness industry	3040	OCD	4	Grade 12 English (C) ENG4C and at least one of the following senior sciences: Grade 11 Biology (C) SBI3C or Physics (C) SPH3C or Grade 12 Chemistry (C) SCH4C or Grade 12 Exercise Science (U) PSE4U or Kinesiology (U) PSK4U Visit saultcollege.ca for placement requirements	\$3,867
Gerontology – Multidiscipline	Dependent on previous educational background; may work in retirement homes, senior centres, home care, long term care facilities, hospitals, community organizations and non-profit agencies	3041	OCGC	2	Ontario College Diploma, Ontario College Advanced Diploma, Degree or equivalent, preferably in health care or social work field	\$4,176
Health Care Administration	Management in health care facilities (hospitals, clinics, long term care homes, private businesses)	2186	OCGC	2	Ontario College Diploma, Ontario College Advanced Diploma, Degree, or equivalent	\$4,201
Health Informatics	Clinical or IT manager, health technology leader, clinical informatics specialist, health technology education specialist	2197	OCGC	2	Ontario College Diploma, Ontario College Advanced Diploma, Degree or equivalent. A diploma or degree in a health-related field is an asset	\$4,176
Occupational Therapist Assistant and Physiotherapist Assistant	Acute care or rehabilitation hospitals, children's rehabilitation centres, community care (home care), convalescent care facilities, physiotherapy clinics, occupational therapy centres, disability management services, long-term care facilities	3022	OCD	4	Grade 12 English (C) ENG4C and Grade 11 Biology (C) SBI3C Visit saultcollege.ca for clinical requirements	\$3,867
Personal Support Worker	Long-term care facilities, hospitals, community agencies, and various other settings offering opportunities to work with various age groups	3027	OCC	2	Grade 12 English (C) ENG4C Visit saultcollege.ca for clinical requirements	\$3,867
Personal Support Worker (Full-Time Contact North)	Long-term care facilities, hospitals, community agencies, and various other settings offering opportunities to work with various age groups	3038	OCC	2	Grade 12 English (C) ENG4C Visit saultcollege.ca for clinical requirements	\$3,587
Personal Support Worker (Thessalon)	Long-term care facilities, hospitals, community agencies, and various other settings offering opportunities to work with various age groups	3039	OCC	2	Grade 12 English (C) ENG4C Visit saultcollege.ca for clinical requirements	\$3,587
Practical Nursing	Hospitals, community, long-term care and other health care facilities, services and programs; also work within other organizations and agencies that require nursing knowledge and expertise	3024	OCD	4	Grade 12 English (C) ENG4C, Grade 11 Math (C) MBF3C, Grade 11 Biology (C) SBI3C, and Grade 11 Chemistry (U) SCH3U or Grade 12 Chemistry (C) SCH4C with minimum overall average of 65% Visit saultcollege.ca for clinical requirements	\$4,422
Pre-Health Sciences – Pathway to Advanced Diplomas and Degrees	Students will be eligible to apply for admission to the first year of a health and/or science-related advanced diploma or degree program at Ontario Colleges and to many health or science-related degree programs at Ontario universities	3065	OCC	2	OSSD or equivalent	\$3,799

INDIGENOUS STUDIES

Social Service Worker – Indigenous Specialization	Private, governmental, and Indigenous specific programs in mental health, education, addictions, outreach, family services and social welfare	1221	OCD	4	Grade 12 English (C) ENG4C Visit saultcollege.ca for placement requirements	\$3,799
Social Service Worker – Indigenous Specialization (Thunder Bay)	Private, governmental, and Indigenous specific programs in mental health, education, addictions, outreach, family services and social welfare	1223	OCD	5	Grade 12 English (C) ENG4C Visit saultcollege.ca for placement requirements	\$3,519

For more information on Anishinaabemowin – Immersion, please visit saultcollege.ca/anishinaabemowin

Sault College partners with a number of Indigenous institutes to offer programming in communities outside of Sault Ste. Marie. Please contact the School of Indigenous Studies 705 759-2554, Ext. 2499 to receive information about program availability

PROGRAM	CAREERS	CODE	CRED	SEM	ADMISSION REQUIREMENTS	TUITION*
INFORMATION TECHNOLOGY STUDIES						
Computer Programming 2+2	Software development, systems analysis and design, user interface design and human factors, web and database design and programming, project management, system and database admin	2095	OCD	4	Grade 12 English (C) ENG4C, Grade 12 Math (C) MAP4C	\$3,867
Computer Programming (Online Delivery)	Software development, systems analysis and design, user interface design and human factors, web and database design and programming, project management, system and database admin	2099	OCD	4	Grade 12 English (C) ENG4C, Grade 12 Math (C) MAP4C	\$3,867
Computer Programming and Analysis	Software development, systems analysis and design, user interface design and human factors, web and database design and programming, project management, system and database admin	2096	OCAD	2	Two-year Computer Programming Diploma	\$3,867
Cybersecurity	Computer systems, design firms, information technology consulting firms, financial institutions, various levels of government, and IT units throughout the public and private sector	2198	OCGC	2	Ontario College Diploma, Ontario College Advanced Diploma, Degree, or equivalent in the area of Information Technology, Computer Engineering, Networking or related discipline	\$4,176
e-Learning and Training Development	Teacher, college teacher, corporate trainer, instructor, training officer, curriculum developer, instructional designer, education consultant	1228	OCGC	2	Ontario College Diploma, Ontario College Advanced Diploma, Degree, or equivalent	\$4,176
Health Informatics	Clinical or IT manager, health technology leader, clinical informatics specialist, health technology education specialist	2197	OCGC	2	Ontario College Diploma, Ontario College Advanced Diploma, Degree or equivalent; a diploma or degree in a health-related field is an asset	\$4,176
Network Architecture and Security Analytics	Networking architect, network designer, network developer, network specialist, security analyst, security engineer, security consultant, security administrator, cryptographer, chief information officer	2196	OCGC	2	Ontario College Diploma, Ontario College Advanced Diploma, or Degree in field of computer systems technology network architecture, computer engineering, information security, or equivalent; or a combination of academic studies and work experience (as determined by the college)	\$4,176

MEDIA AND DESIGN

Digital Film Production	Independent filmmakers, screenwriters, producers, production assistant, coordinator, manager or director, assistant directors, sound recordists, sound mixers, editors, editorial assistants, camera operators and assistants	1097	OCD	4	OSSD or equivalent	\$4,267
e-Learning and Training Development	Teacher, college teacher, corporate trainer, instructor, training officer, curriculum developer, instructional designer, education consultant	1228	OCGC	2	Ontario College Diploma, Ontario College Advanced Diploma, Degree, or equivalent	\$4,176
Graphic Design – Digital Media (Compressed Delivery)	Graphic designers, layout artists, typographic designers, illustrators, art directors, teachers, website designers, production artists, package designers and print production managers	1094	OCAD	4	Grade 12 English (C) ENG4C	\$5,460

SCHOOL OF NATURAL ENVIRONMENT

Adventure Recreation and Parks Technician (Co-op) 2+2	Public and private sectors, including Parks Canada, the Ontario Ministry of Natural Resources and Forestry, conservation authorities, municipal parks departments, and private park owners	5212	OCD	4	Grade 12 English (C) ENG4C	\$4,512
Climate Change Mitigation	Environmental jobs with policy and legislation, research and development, communications and public awareness, and sustainability	5250	OCGC	2	Ontario College Diploma, Ontario College Advanced Diploma, Degree, or equivalent	\$5,614
Environmental Sustainability Analysis	Sustainability specialist, analyst or coordinator, policy analyst, environmental consultant, field technician	5255	OCGC	2	Ontario College Diploma, Ontario College Advanced Diploma, Degree, or equivalent	\$5,614
Fish and Wildlife Conservation Technician (Co-op) 2+2	Fishery, wildlife technician, conservation officer, resource, research or lab technician with Ministry of Natural Resources and Forestry, municipalities, natural resource consultants	5214	OCD	4	Grade 12 English (C) ENG4C	\$4,477
Forestry Technician – Conservation (Co-op) 2+2	Resource and lands technician, firefighting technician, research technician, photo interpretation analyst, inventory field workers or supervisor, greenhouse supervisor, insect and disease ranger, forest industry scaler, foreman, harvesting supervisor	5230	OCD	4	Grade 12 English (C) ENG4C	\$4,576

PROGRAM	CAREERS	CODE	CRED	SEM	ADMISSION REQUIREMENTS	TUITION*
Natural Environment Technician – Conservation and Management (Co-op) 2+2	Conservation authorities, Ministry of Natural Resources and Forestry, Ducks Unlimited, Fisheries and Oceans Canada, Natural Resources Canada, environmental consulting, renewable energy site development, natural resource contracting, forest industry	5220	OCD	4	Grade 12 English (C) ENG4C	\$4,477
Natural Resource/ Environmental Law – Inspection and Enforcement	Inspectors, investigators, enforcement officers, conservation officers, fisheries officers, park wardens and private industry/corporate environmental officers	5006	OCGC	2	Ontario College Diploma, Ontario College Advanced Diploma, Degree or equivalent	\$5,754
Urban Ecosystem Technician	Environmental protection and resource sustainability for municipalities, engineering firms, developers, provincial and federal governments, golf courses, nurseries, greenhouses, national and provincial parks	5245	OCD	4	Grade 12 English (C) ENG4C, Grade 11 Foundations for College Math (C) MBF3C	\$4,232

POLICING, LAW AND PUBLIC SAFETY

Natural Resource/ Environmental Law – Inspection and Enforcement	Inspectors, investigators, enforcement officers, conservation officers, fisheries officers, park wardens and private industry/corporate environmental officers	5006	OCGC	2	Ontario College Diploma, Advanced Diploma, University Degree or equivalent	\$5,754
Police Foundations 2+2	Municipal or provincial police forces, RCMP, private and industrial security, customs, military police of federal or provincial enforcement agencies	1202	OCD	4	Grade 12 English (C) ENG4C	\$3,799
Protection, Security and Investigation	Canadian Border Services, customs brokering operations, security investigations, industrial security, emergency care, military police and various agencies	1225	OCD	4	Grade 12 English (C) ENG4C	\$3,799

SALON AND SPA SERVICES

Esthetician (Compressed Delivery)	Spas, day resorts, salons and health centres, makeup artists, manicurists, pedicurists, nail technicians or in supervisory positions, cosmetic sales, purchasing, marketing and retail	2017	OCD	3	Grade 12 English (C) ENG4C	\$7,009**
Hairstyling (Compressed Delivery)	Hair salons, spas, barber shops, cruise lines, theatre, fashion and entertainment industries, salon owner or manager, educators, platform artists	1054	OCD	3	Grade 12 English (C) ENG4C	\$7,009**

SKILLED TRADES AND TRANSPORTATION

Construction Techniques	Entry-level in the construction industry on a project-by-project basis or construction companies	4098	OCC	2	Grade 12 English (C) ENG4C, Grade 11 Foundations for College Math (C) MBF3C	\$3,867
Mechanical Techniques – Industrial Maintenance (Millwright)	Industrial mechanics and millwrights, manufacturing plants, utilities, industrial maintenance, repair and equipment installation	5082	OCC	2	Grade 12 English (C) ENG4C, Grade 12 Foundations for College Math (C) MAP4C	\$3,867
Mechanical Techniques – Machine Shop	Manufacturing shops that produce or repair parts and maintain, repair or modify existing machinery	4040	OCC	2	Grade 12 English (C) ENG4C, Grade 12 Foundations for College Math (C) MAP4C	\$3,867
Metal Fabrication Technician	Small and large construction and manufacturing industries as metal fabricators (welder-fitters)	4051	OCD	4	OSSD or equivalent	\$3,867
Additional Certificate Earned: Welding Techniques (4053)						
Motive Power Fundamentals – Automotive Repair	General garage worker, automotive service technician apprentice and parts and service counter personnel	4041	OCC	2	OSSD or equivalent	\$3,867
Motive Power Fundamentals – Heavy Equipment and Truck Repair	General garage worker, truck and coach apprentice, heavy equipment apprentice and parts and service counter personnel	5085	OCC	2	OSSD or equivalent	\$3,867
Motive Power Technician – Advanced Repair	Apprentice in mining with heavy equipment or in automotive/truck and coach industries	4044	OCD	4	OSSD or equivalent	\$3,867
Additional Certificate Earned: Motive Power Fundamentals – Automotive Repair (4041) and Motive Power Fundamentals – Heavy Equipment and Truck Repair (5085)						
Pre-Trades and Technology	Prepares you for college technology programs, apprenticeships or the workplace	4005	OCC	2	OSSD or equivalent	\$3,867
Welding Techniques	Welders in small and large construction and manufacturing industries	4053	OCC	2	OSSD or equivalent	\$3,867

HOW TO APPLY

Want to chat with one of our recruiters? Meet and connect with them at saultcollege.ca/recruiters

1 APPLY BY FEB. 1ST

Go to ontariocolleges.ca to apply by February 1st for equal consideration. Follow the prompts to complete the process. Call us at 705.759.2554 ext 2222 for help as you are applying. We are standing by to help in any way we can. There is a non-refundable \$110* fee to apply.

2 WATCH FOR OUR LETTER

Once your application is processed, you'll receive an official letter in the mail to let you know if you are accepted into your program of choice or if there is anything missing.

3 CONFIRM ONLINE

The most important step is going back online to ontariocolleges.ca to confirm your offer once we've accepted you into your program. Offers of admission are sent out after November 1st. We need to know you're coming so we can get things ready for you.

4 SECURE YOUR SPOT

Lastly, you'll need to pay your fees to secure your spot. We'll let you know what else you need along the way. Congratulations! You've just made a great choice in choosing Sault. We'll see you soon!

*Application fee subject to change.

WHERE WE ARE

WE'RE JUST A ONE HOUR FLIGHT FROM TORONTO!

For information on our partner locations visit saultcollege.ca/locations
